

PROFESSIONAL SUMMARY

Full Stack Software Engineer with experience in MERN stack (React.js, Node.js, Express.js, MongoDB). Engineered scalable web applications, designed REST APIs, and implemented JWT authentication systems. Improved API performance by 30% and reduced latency through database optimization and indexing. Strong expertise in problem solving, debugging, and system design.

TECHNICAL SKILLS

Languages: JavaScript, PHP, HTML, CSS
Frameworks: React.js, Node.js, Express.js, Bootstrap, Laravel
Databases: MongoDB, MySQL
Tools: Git, GitHub, Postman, VS Code, Vercel, Render
Concepts: REST APIs, JWT Authentication, CRUD Operations, API Integration, System Design, MVC Architecture

EXPERIENCE

Full Stack Software Engineer (Project-Based Learning)2024 – Present

- Engineered 3+ full stack MERN applications managing 100+ users with end-to-end development lifecycle
- Designed REST APIs improving system communication efficiency by 30%
- Implemented JWT authentication reducing unauthorized access risks by 40%
- Optimized backend queries reducing API response time by 25-30%
- Collaborated in team projects improving feature delivery speed and debugging efficiency by 20%

PROJECTS

Social Media PlatformDemo

- Engineered full stack social platform supporting 100+ users with posts, comments, and likes
- Developed REST APIs improving backend data handling efficiency by 25%
- Implemented JWT authentication ensuring secure login and session validation
- Optimized database queries improving system performance by 20-25%

AI Interview PlatformDemo

- Built AI-based interview simulation platform with dynamic UI and real-time interaction
- Integrated MongoDB improving data storage efficiency by 30%
- Enhanced user engagement by 20% through interactive UI design
- Reduced API latency improving frontend performance by 25%

POS Billing SystemDemo

- Developed billing system handling transactions and inventory management
- Implemented role-based authentication improving system security by 40%
- Automated billing workflows reducing manual work by 40%
- Improved transaction processing efficiency and system reliability

EDUCATION

B.Tech in Computer Science Engineering2023 – Present

Gyan Ganga College of Technology

CGPA: 6.31

CERTIFICATIONS

MERN Internship – EduSkills
Eureka Pitching Event – GGCT

ACHIEVEMENTS

Smart India Hackathon Finalist (2024, 2025)
